The pool on Ft Gillem needs to be fixed now. The gym on Ft Gillem needs to be expanded. It needs a much larger weight room with more weight training machines -- specifically the Hammer Strength model and more free weights. There needs to be a larger cardio fitness room with more traedmilss, bikes. It also needs a room for abdominal work and mats for stretching, push-ups, etc.

Before the BRAC announcement alot of the employees at the gym and other MWR facilities acted like they could care less about the customers. Now....

It is incredible to see the signs of how much money the AAFES puts in to the MWR system, and to hear of how much money the Auto shop puts in to the system, yet the tools at the auto-shop are crap, the hours are way too limited, and the pool cost at FT Gillem is just too much for how often a person could reasonably use it.

Closing the Commons for lunch has been the biggest mistake I have seen here. The bowling alley resturant is completely inadequate and over priced along with poor quality and selection of food. The Commons, crowded every day for lunch, was just the opposite, good food, good prices, customer service could have been better. I now frequent off post establishments for lunch and occasional dinner, avoiding and recommending to people to avoid the bowling alley for same. Ft Mac historically does a great job at MWR activities. Great athletic facilities, Lake Alatoona is great for family and gatherings.

Really do not know much about the programs or facilities. MWR needs to do a better job with making themselves known. Of the times I have used MWR, I found the service to be hit or miss and the friendliness questionable. Really hope things get better because I believe they have a lot to offer soldiers and government civilian employees.

I am a Georgia National Guardsman mobilized and deployed to FORSCOM. Only here for 3 months to date. I live 90 miles away. When I'm off duty, I go home and don't use any MWR facilities at Ft Mac during off duty time. I use the gym for PT during duty hours. I have access to the Robins AFB MWR center for tickets, etc.

I am not a good source for accurate information and attitudes regarding Ft Mac MWR facilities.

The personnel who work in some of the facilities here are somewhat racist. When I say that, what I'm telling you is, when I go to the counter and ask for help, on several occasions, the person who was AFTER me gets helped first....I believe because they're black, and the person behind the counter is black. This is just wrong.

I understand that this is a small post with limited facilities (McPherson). What upset me and has put a very sour taste in my mouth is that many of the people running these facilities are not service oriented. They forget that the reason they have their job is because of the service members. I had a terrible experience with Army Lodging and will do just about anything not to deal with them on this post. Other services I have attempted to use do not really meet my needs. I guess that I have become accustomed to larger posts that have more funding to provide better services.

The facilities on post need to stay open later on post the PX needs to find someone that purchases clothing that people want. When need to have Popeyes chicken, taco bell and other fast food resturants on post, as like other military post, I know that our post is not large, but we still deserve the same ammenities that the other post are given. We need better equipment in the Gym and I don't think that we should be made to were the PT in the gym during PT unless we are conducting organized PT at the GYM with the unit.

I have completed the survey as if it applied to where I reside. Note - I am retired Army from Ft Stewart, GA and currently work at FT Stewart as a civilian. The survey I received ( # 752294) was for FT Mc Pherson, GA ) There wasn't a phone number to call. Also the cover letter was dated 10 Mar 05, but wasn't received until 25 April 05

### Overall Comment

My current use of MWR programs is minimal because I live so far away from the installation. I still do PT, but again, because I live so far away, I run/workout at or near my home.

The question in the beginning of the survey that asked about status (active, retired, civilian) didn't allow for a response of both retired and civilian. There are many here in that category, including myself. While on active duty, I used more of the MWR facilities/programs. If this posted isn't closed, I will move closer to the installation and will participate more.

The food, however, is not the best tasting or best value. So, no matter where I live, unless that improves I'll continue to dine primarily off-post.

As I currently work fulltime (off post), I do not have the opportunity to use many of the services offered. I really like the services available for retirees, but feel that the major focus of MWR should be the active duty soldier and his/her family.

I do appreciate that retirees are not forgotten, and when I am able to re-retire, I do plan to take full advantage of all that the MWR has to offer.

Keep up the great work.

I live too far from installation to utilize facilities

**Overall Comment**

I live near Athens, Ga which is about 60 milies away from Ft Gillem. I utlize the Athens Navy School facilities in Athens on a regular basis. Primarily the gym and exercise facilities, commassionary and medical dispensary. Because of this my responses to this survey were "do not participate," but feel the services provided are vital to the morale and welfare of active and retired members of the military community.

Too far to use

**Overall Comment**

I have used MWR facilities when living closer to an Army Post. Sadly, living 60 miles from Fort McPherson does not allow me the leisure of using their facilities. Even if I do not use the facilities, I believe they are very important to maintain for families that live closer by and can use them regularly. Thank you for what you do:)

I am at Fort Gordon not Fort McPherson. I am currently taking the American Sign Lanuage Course at Fort Gordon and love it. I am hoping they will offer the intermideate course. Also my son has gone to swimming lessons and that was great. Story Time at the Library is also nice.

I think they should find better ways to let the community know about the services available. It has been a little hard for us to find out this information, is not provided you have to search for it.

I do not live on or near Ft. McPherson, nor is my spouse stationed there. I do not know why I was sent a survey specific to Ft. McPherson and am unsure if my responses should be included in your study. I have used facilities such as the Library and movie theater at Robins AFB, where my spouse is stationed, bu have no experience with Ft. McPherson.

I would love to see a monthly newsletter detailing special events on post. I was expecting a packet when we got stationed here with phone numbers and information about MWR services and received nothing. Is this in the works?

We are stationed at Fort Gordon, GA and received this survey. I do not feel that a post 150 miles applies to my MWR situation at all.

That said, Fort Gordon needs a Gear-&-Go facility. There are a lot of IET soldiers here but there are also a lot of NCO's on drill & instructing here that would benefit from a Gera-&-Go.

I do not live near, nor are we assigned to Ft. Gillem or wherever it is that you think we are. We are assigned to Robins AFB. I am upset that this was sent to us by another post when we are not assigned there. I would appreciate someone getting it right.

My husband and I's first and my only duty station was S.Korea. I would like to see more activities for family members around the smaller post. Other than that, I think MWR has done a fantastic job of serving to our troops.

too far away to use these services

**Overall Comment**

Next time you send out a survey make sure the people you are sending it to live within a reasonable distace from where the survey is for. I currently reside 3 1/2 hours minimum from this installation, have for 2 1/2 years, and have never even seen a sign for Ft. McPherson. Thank you for the opportunity to provide input, but I dont think I was much help this time.
